BOARD OF GOVERNORS 2022-2023

Greetings, ASHRAE Cleveland Members.

Happy New Year! I hope you and your families had a safe and healthy holiday season. The ASHRAE Board took some time at the end of the year to be grateful for the many ways we have continued to be successful in Cleveland and are excited to bring that momentum into 2023. Our theme remains the same – ENGAGE. EQUIP. ENRICH.

ENGAGE: Our joint collaborative YEA event with ASPE Young Professionals group and NOSHE young engineers was a great success at Top Golf last month. Please see the Newsletter for more details. Our Spring calendar is packed with more collaborations with partner organizations including ASPE, AIA, Cleveland 2030 District. Please join us for our joint meeting next month with ASPE Cleveland.

EQUIP: As we work our way towards the last few months of this year, the ASHRAE CLE board is motivated to ensure that we meet the goals for our chapter in every way possible. I will take this opportunity to thank our Research Promotion Chair, Thomas House, for being the first one to get to our PAR goal and setting a great example for the rest of the chairs.

ENRICH: The technical presentations continue to be inspiring and diverse in their content. Our January presenter, Tom McDermott, had great insights on effective ways to incorporate Passive House technologies into our design ensuring a higher ventilation effectiveness with our building systems. I look forward to Eric Pempus who will bring a wealth of knowledge and expertise on ethics for the building community. Look forward to seeing you there.

The ASHRAE Winter Conference will take place in Atlanta February 5th through the 8th. Region V along with Region VI and Region IX are hosting a dinner on Sunday, February 5th at 6.30pm. You are welcome to attend. I hope those attending the conference have an enriching experience. As always, if you have any comments on suggestions on how we can better serve you, don't hesitate to reach out.

Coral Pais, PE, BEMP
