## ASHRAE CLEVELAND CHAPTER FY 2021-22

Warm greetings from your local chapter President and the Board of Governors, during this crisp but wet October Fall season! As I was drafting this month's newsletter, I came across this ASHRAE Society's clip on their Facebook page from 2019, that I wanted to share. I find it really interesting to note that ASHRAE'S influence on the built environment extends to both the living and the dead! Cleveland being a hub of medical centers and research facilities, and with the ASHRAE's [Epidemic Task Force and Building Readiness guidelines](#) released during the current pandemic, this focus on healthcare facilities seems even more relevant.

ASHRAE  
What better way to celebrate Halloween than by indulging in a scary movie? And, what's a spookier setting for a scene than a morgue? In the real world, ASHRAE sets the standard for those morgues, as well as autopsy rooms, with guidance from ANSI/ASHRAE/ASHE Standard 170, Ventilation of Health Care Facilities. Happy Halloween! <https://bit.ly/3356QhN>

Timeline Photos · Oct 31, 2019 · 📷

One of my presidential objectives for this year has been to strengthen the professional relationships of ASHRAE Cleveland with among other like-minded regional organizations such as the American Institute of Architects (AIA) Cleveland, Association of Energy Engineers (AEE) Northern Ohio Chapter, Cleveland 2030 District, SMACNA and American Society of Professional Engineers (ASPE), to name a few. Our chapter's current board of directors, Steve Krupar and Coral Pais in particular, have been working particularly hard in exploring joint events and collaboration opportunities, and I would like to tip my hat to them. You will find a link to AEE's member events in this newsletter. Stay tuned for more updates from our partner organizations in our future communications.

Our chapter and the ASHRAE society has also always had a long standing tradition of staying focused on the present, the future, while honoring our history. On that note, you will find in this newsletter, events we are planning for this Fall and 2022, and a section honoring recent accomplishments, retirements obituaries.

Happy Halloween!!

# SAVE THE DATE

## Monday, November 15, 2021

5:00 pm • ASHRAE Dinner Meeting

6:00—8:00 pm • JATC Tour & Networking (**All Welcome**)
